3. An Introduction to the UPSC CSE

The UPSC Civil Services Examination is widely known as ‘the mother of all exams’ & is regarded as a tough nut to crack. It is a much sought-after exam by lakhs of youngsters, since cracking the exam will give them a wonderful opportunity & platform to serve the society & be a change agent.

The structure of the exam:

It consists of three successive stages:

i. Civil Services (Preliminary) Exam (Objective Type) for the selection of candidates for Civil Services (Main) Exam,
ii. Civil Services (Main) Exam (Written) for the selection of candidates for the Personality Test,
iii. Interview/Personality Test for the selection of candidates for the various Services and posts.

The Prelims exam comprises two papers of the objective type with multiple choices: Paper I is based on general studies & Paper II is CSAT (Aptitude Test) & is of qualifying nature only (minimum 33% needed to qualify). Each paper carries a maximum of 200 marks. This exam is meant to act as a screening test only & the marks obtained in it aren’t counted for determining the final order of merit.

The Mains exam consists of nine papers (two of which are of qualifying nature) & accounts for 1750 marks. The Interview stage accounts for 275 marks. This brings the grand total to 2025 marks.

Why is the exam considered to be one of the toughest to crack?

Is it because the content asked is tough? No. It is considered a ‘Generalist’s’ exam; one needs to have sound knowledge of basics studied from NCERTs during school, a little advanced knowledge that builds upon the basics from standard books & be abreast with current affairs about India & the world through newspapers & magazines. It is tough to crack it because of the huge competition. The 71st Annual Report released by UPSC states that the number of applicants for the UPSC CSE Prelims(including IFoS(P)) exam in 2020-21 was 10,56,835 & the number of aspirants who appeared was 4,86,952. The number of applications received for it in 2019-20 was 11,54,769 & 5,74,980 appeared that year; out of which only 2302 made it to the interview stage & 922 were finally recommended. Sounds mind-boggling & tough?

Importance of the right strategy & guidance

Why is it that few candidates clear it on their very first attempt, while a few others take many attempts to clear it? It is all about adopting the right strategy & getting the right guidance. An effective strategy coupled with the right guidance will ensure that the aspirants follow the right path to reach their goal faster without delays & more efficiently. This will also enable aspirants to effectively cover the vast syllabus, which may otherwise overwhelm them. A good mentor will make your journey easier by providing you with relevant guidance. As Bob Proctor said, “A mentor is someone who sees more talent and ability within you, than you see in yourself, and helps bring it out of you.”
The determining factor: Attitude & a well-rounded personality or Knowledge?

Does one have to be the most knowledgeable or acquire specialized knowledge to clear the exam? The answer is a resounding no! The UPSC CSE notification states: “The Main Examination is intended to assess the overall intellectual traits and depth of understanding of candidates rather than merely the range of their information and memory. The nature and standard of questions in the General Studies papers will be such that a well-educated person will be able to answer them without any specialized study. The questions will be such as to test a candidate’s general awareness of a variety of subjects, which will have relevance for a career in Civil Services. The questions are likely to test the candidate’s basic understanding of all relevant issues, and ability to analyze, and take a view on conflicting socio-economic goals, objectives, and demands.” Thus, in addition to knowledge, one needs to develop an analytical bent of mind, analyze an issue from multiple dimensions, be curious & cultivate a balanced opinion on issues.

But is this enough? No. The UPSC CSE exam is considered a marathon, not a sprint. One needs to invest a lot of time in it as the exam is conducted only once a year. Thus, what is the most important trait one needs to develop to ace the exam? It is the right attitude. Winston S. Churchill had said, “Attitude is a little thing that makes a big difference.” One must develop a strong mindset to deal with challenges, and face numerous setbacks & failures in the course of preparation, with the realization that it will help them improve in the long run. An aspirant must be open to constructive criticism, be willing to learn from others & be optimistic. Cultivating a winning & resilient attitude will go a long way in helping one succeed. The UPSC CSE notification states that “The Interview is intended to judge the mental caliber of a candidate. Some of the qualities to be judged are mental alertness, critical powers of assimilation, clear and logical exposition, balance of judgement, variety and depth of interest, ability for social cohesion and leadership, intellectual and moral integrity.” Thus, one also needs to develop a well-rounded personality to ace the exam. Developing good hobbies and interests will be beneficial to an aspirant.

Pursue your dream with determination

Now that you’ve got a fair idea about the UPSC CSE Exam, do read more about the syllabus, check the PYQs, and read more about our pioneering initiatives! You may also call us or meet us personally & interact with us and a few others to decide if you wish to pursue this path. Once you decide to give the exam, give it your best & put in sincere efforts.

“There is only one way to bridge the perceived gap between a person and his or her greatest dreams, and that is to begin.” - Richie Norton
There’s a common thread that binds most of the successful aspirants—SYSTEMATIC PRACTICE, the RIGHT GUIDANCE, and HARD-WORK. Having guided several hundreds of toppers successfully for nearly a decade, we have understood the demands of this rigorous exam and devised several initiatives that will empower an aspirant to crack the exam easily, provided they put in the required efforts consistently.

Abraham Lincoln said, “If I had five minutes to chop down a tree, I’d spend the first three sharpening my axe.”

Undoubtedly, every serious aspirant spends a lot of time studying but often fails to find a program that aids in sharpening their preparation (AXE) that has the potential to give them commensurate returns. Our programs will help you sharpen your axe to achieve your goal at the earliest.

Thus, we must be smart & cautious & not take the CSAT paper lightly. The CSAT paper can be easily cleared with deliberate practice and sound conceptual clarity.

6. Integrated Test Series
For Both Prelims & Mains

The integrated approach of preparation & practice has time and again proven to be one of the most rational and practical approaches to clearing the Prelims & Mains exam. It is said: “Read to remember and write to retain”. Based on our experience of guiding several thousands of aspirants, we have learnt that it is indeed true. It’s important for an aspirant to not only read and learn from textbooks, but also to analyze, understand and apply the concepts learnt in a structured format. This will help them to commit mistakes faster, while they practice and improve the quality as well as the speed of answer writing & solving MCQs.

A. IPM(Integrated Prelims-cum-Mains) Test Series

The IPM program, with its disruptive methodology, will enable students to acquire the necessary skills to clear both the Prelims & Mains Exam in one go.

The Core Philosophy of the IPM program is to provide a SINGLE timetable that covers both the Prelims and Mains Syllabus holistically, enabling students to complete the syllabus part by part and be tested on it from the point of Prelims (MCQs) and Mains (Descriptive Answers) simultaneously.

InsightsIAS has pioneered the EBS (Essential, Breakthrough and Simulation) Approach:

- **ESSENTIAL APPROACH:** Emphasizes on building the basics.
- **BREAKTHROUGH APPROACH:** Tests the ability to link facts and concepts with Current Affairs.
- **SIMULATION APPROACH:**
  
  Gives a real-exam-like feeling to help aspirants consolidate and finally put to test the effectiveness of their preparation.
The IPM with its EBS methodology, will:

1. Inculcate the habit of discipline & ensure exhaustive preparation for both Prelims and MAINS in a single go with a perfectly planned timetable to keep you focused, busy and consistent throughout the year.

2. Ensures hassle-free preparation: Whatever you read in the intervening period between two tests, the same portion will be tested from the perspective of both Prelims and Mains.

3. Adoption of the success-guaranteed EBS Approach (Essential, Breakthrough & Simulation) to STEP-UP the difficulty level gradually, making you more competitive and ensuring that you inculcate the art of inter-disciplinary linkages in your question-solving and answer-writing skills in both Prelims & Mains.

Important Features of the Program

Tests based on EBS Approach:

- Nearly 50 Prelims Tests (GS+CSAT)
- & nearly 50 Mains Tests (GS+Essay).
- Practice makes perfect!

Personalised Mentorship:

The mentorship will be done via telephonic conversation for online students and in-person for Offline students at our branches.

Timetable is so designed to ensure completion of every subject in 3 rounds:

- 1st Round is the Essential round where you can expect questions to check your conceptual understanding.
- 2nd Round is the Breakthrough round where you will apply knowledge and skills to solve the questions.
- 3rd Round is the Simulation round where the entire paper mimics the UPSC Papers and prepares you to tackle any kind of question.
  - Alternate Simulation Tests will have GS as well as CSAT on the same day so that you get acclimatized to the UPSC Prelims exam.
  - The MAINS examination in the simulation round will be conducted in 2 sets. One before UPSC CSE Prelims Exam and the other set post the prelims exam.
Rapid Discussion:
This initiative of INSIGHTS IAS as a part of IPM provides the right guidance & clarity regarding the test syllabus, books to be studied for it & any other doubts you’ll have. This will be conducted before every test. These discussions will give a precise roadmap for your preparation for the upcoming test. These discussions will be live-streamed and the recorded videos of the same will be made available within 24-48 hours from the date of the scheduled test discussion.

Flexibility:

In order to score well in the Mains exam, one must be able to think smartly & quickly in the examination hall to write relevant, precise, meaningful, and concise answers in all the GS papers. One must be able to show their presence of mind to come up with an answer that addresses the full demand of the question. This ability to do justice to each question in the exam hall & speed comes only with rigorous practice. Your desire to score the highest marks in Mains GS papers will fructify only when you have an opportunity to test various methods in the period between Prelims and Mains Exam, again and again, to arrive at the most suitable structure and presentation in your answers.

It’s said that “Success is actually a state of mind!” An optimistic and confident state of mind will go a long way in securing your confirmed seat for the Interview stage. The repetitive use of ‘I-WIL’ in all the tests, we hope, will instill confidence in you.

**Features:**

One of the easiest but oft-ignored methods to ensure a high overall score is to work hard on the Essay Paper. The UPSC CSE notification states: “Candidates may be required to write essays on multiple topics. They will be expected to keep closely to the subject of the essay. They must arrange their ideas in orderly fashion, and write concisely. Credit will be given for effective and exact expression.”

Thus, one must READ, UNDERSTAND, ANALYSE, BE ORIGINAL & SHOWCASE IDEAS coherently. Our Essay Test Series, which is designed to be thought-provoking, will enable you to do well in the paper.

General Studies paper-4 is very rewarding in UPSC civil services Mains for two reasons:

1. You don’t have to read as extensively as you do for other GS or Optional papers.
2. All it needs is a lot of common sense and a basic understanding of the underlying theories and a decent amount of writing practice coupled with the right approach.

Our test series will help you cover the syllabus for the Ethics paper in a systematic manner & provide extensive writing practice, which is essential to score well in the exam.

This 3-month program begins in November every year and specifically caters to those students who wish to polish their preparation for the Mains exam before the dawn of the Prelims season. This ensures that they can reserve sufficient time to prepare exclusively for the Prelims exam.

“The more that you read, the more things you will know. The more that you learn, the more places you’ll go.” - Dr. Seuss

We believe that reading a wide variety of books (not just standard books) is essential to do well in the exam. Thus, we have started a FREE library, where students can borrow books of their choice at our Bengaluru branch.
8. Optional Test Series

We offer test series for the following Optional subjects:

- Anthropology
- Agriculture
- Geography
- Kannada Literature
- Political Science & International Relations
- Public Administration
- Sociology
9. Advanced Value-Addition Courses

A. FOR PRELIMS

Advanced Prelims Enrichment Course (APEC)

The first stage of the exam: Prelims, has earned a reputation for being unpredictable, tough & dicey. Several talented students have failed to clear the qualifying stage despite working hard. This is because they fail to understand the demands of the UPSC CS Prelims exam & fall prey to several myths that surround the preparation for this stage. 10. Interview Guidance Program

The third and final stage of the Exam is the Personality Test.

**How to score high marks in the personality test? What is the right attitude one must maintain and cultivate, and what is the right strategy to end this journey on a winning note?**

Vinay Sir, who scored 210 in his interview, has helped several aspirants with the right guidance to increase their marks in the personality test stage to see their names in the final PDF.

**The UPSC notification states:** “The candidate will be interviewed by a Board that will have before them a record of the candidate’s career. The candidate will be asked questions on matters of general interest. The object of the Interview/Personality Test is to **assess the personal suitability of the candidate for a career in public service** by a Board of competent and unbiased observers.

The Interview/Personality Test is intended to **judge the mental calibre of a candidate.** In broad terms this is really **an assessment of not only intellectual qualities but also social traits and interest in current affairs.** Some of the qualities to be judged are mental alertness, critical powers of assimilation, clear and logical exposition, balance of judgement, variety and depth of interest, ability for social cohesion and leadership, intellectual and moral integrity. The technique of the Interview/Personality Test is not that of a strict cross-examination but of a natural, though directed and purposive conversation which is intended to reveal the mental qualities of the candidate.

The Interview/Personality Test is not intended to be a test either of the specialized or general knowledge of the candidates which has been already tested through their written papers. Candidates are expected to have taken an intelligent interest not only in their special subjects of academic study but also in the events which are happening around them both within and outside their own State or Country as well as in modern currents of thought and in new discoveries which should rouse the curiosity of well-educated youth.”

Vinay Sir conducted 535 one-on-one mocks for UPSC CSE-2020 & over 400+ for UPSC CSE 2021.

**Features of the Program:**

- One-on-one mock interviews will be conducted by Vinay Sir in the online and offline modes
- Video recordings will be made available
- Peer discussions on important topics

I must place on record my most sincere gratitude to the entire Insights IAS team particularly Mr. Vinay Kumar who had been a true bedrock of support. He was extremely patient and would review my writing with suggestions on improvement. Without his guidance, and others at Insights IAS like Mr. Sudeep Kumar, I doubt I would have managed to clear this exam.

Insights IAS is a guiding light for crores of aspirants all over the country. I would say this because I was a part of his Offline Classroom Batch 2016. My UPSC journey has not been easy and I missed making it to the rank list by narrow margins every time and Vinay Sir has been there as a pillar of support throughout, motivating me whenever I had self-doubts. Heartiest gratitude, Sir!

First and foremost, Insights exposed me to the level of competition that exists in the Civil Services Examination. Secondly, it improved my answer writing by helping me develop my own unique structure for answers along with the excellent evaluation it has to offer and lastly, the best peer group to interact and learn from.

Also, One on One mock interviews with Vinay Sir helped me to analyse my mistakes and gave me the much-needed confidence. Without the support I received from Insights, I would not have achieved the rank I did.

AIR 1, CSE 2016

Insights IAS test series in Bangalore suited all my requirements. Thus, I moved to Bangalore and stayed nearby Insights IAS institute.

I followed offline prelims test series of Insights and also, prelims cum mains integrated study plan that was given to core batch students. After every test I used to check answers and read answer key in detail. Solutions given by Insights were detailed and helped me understand a topic in-depth. I improved in essay and GS answers by getting personal feedback here.

Insights helped in gaining confidence. I was constantly motivated to study and my writing skills were polished through tests. I got the best guidance here after my earlier trials and errors. I could streamline my preparation and get a very positive environment for studies. My stay near Insights for 10 months proved to be very productive. Thanks for addressing queries and giving personal feedback whenever I needed them.

“Take up one idea. Make that one idea your life; dream of it; think of it; live on that idea.

Let the brain, the body, muscles, nerves, every part of your body be full of that idea, and just leave every other idea alone.

This is the way to success, and this is the way great spiritual giants are produced.”
