CONSISTENT PRACTICE IS THE KEY TO SUCCESS

An amount of fear helps in pushing us towards hard work.

Fear and self-doubts are like fire—if in excess will burn and destroy the individual. If one is carefree one can become over-confident about one's capabilities. If anxieties, fears are kept under control it brings best out of an individual.

So,

Believe in yourself, anything is possible for a willing heart;
Aim high, Never give up, in fact, in every adversity lies an opportunity.
